A Special Advance Offer

of Fine Imported Bulbs which is Good Until August 1st.

In the face of an unusual market that cannot last long, we have made arrangements with our Growing Establishments in the Netherlands to turn the prevailing low prices into an opportunity for our customers to plant very liberally this year and at the same time to acquaint others, who were not with us before, with our service.

For years we have imported a grade of bulbs of unquestionable quality and we want to state clearly that although our prices in this folder are unimaginably low, the Quality will be the same as always.

In perusing this list you will not only find prices of standard sorts unusually low but also the newer things such as Darwin Tulips, Chant de Cygne, King George V. President Coolidge, PRINCE OF WALES, Louis XIV, etc.

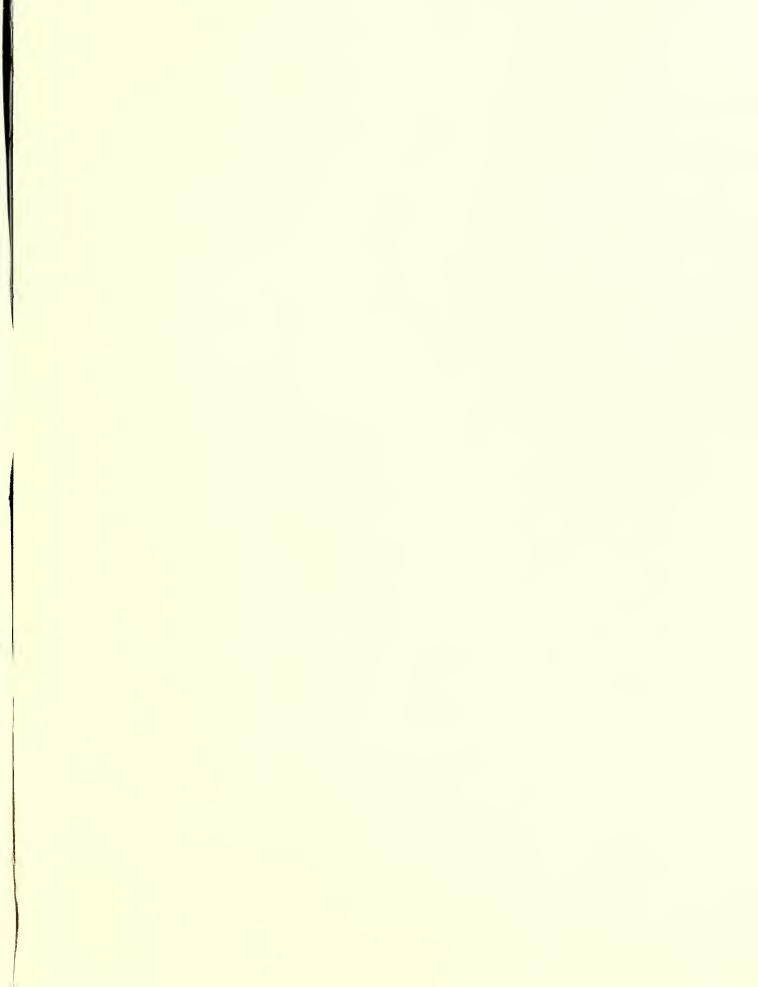

We especially draw your attention to our quotation on Hyacinths, which should encourage larger plantings of this most colorful of all spring flowers.

We Prepay Postage in the U. S. Proper

Prince of Wales

This magnificent Darwin Tulip is without any question the best of its color. The flower is of immense size on tall, strong stem and the color is a brilliant and yet soft cherry-red, a quality always so much sought after. This Tulip has always been high-priced and we are glad to be able to offer the variety this year at a special price,

\$1.00 per doz.; \$7.50 per 100

RENEW YOUR TULIP PLANTINGS

Prices of Tulips in This Special Folder Are Lower Than They Will Be for Years to Come.

The Newer and Leading Tulips at Remarkably Advantageous Prices

Order Before August 1st

This is a list of the outstanding TULIPS; complete collection may be found in our general catalog.

PLANT LIBERALLY THIS YEAR

PRESIDENT COOLIDGE - Darwin Tulip

This Inlip possesses the charming shade of rose as produced in the lovely, impular Clara Butt, but is larger, taller and has a wonderful form, We consider it one of the very finest of the newer Tulips. The color is the soft sulmon rose always sought for mass effects.

HYACINTHS

The Most Colorful of Spring Flowers

In normal years the cost of mass-plantings of Hyachiths is nlinest prohibitive. However, at present Hyacinth prices have come to a level where they are only slightly higher than good Tulips and we recommend that you use the opportunity to plant Hyacinths liberally.

The Hyacinth blooms ahead of the Thips, they are marvelous in geometrical beds and in drifts in front of Shrubs and Evergreens. Plant them in well-drained locations, 6 inches deep.

We offer the ideal size for outdoor plantings (17-18 cm.)

BISMARCK, light Blue
CITY OF HAARLEM, golden yellow
DR. LIEBER, pale layender-blue
GERTRUDE, ilark pink
GRAND MAITRE, porcelnin blue

GENERAL DE WET Single Early Tulip

A rich soft orange that is extremely pleasing in the spring color scheme. For many years this has been a high priced Tulip. This year we are able to offer it at

\$0.85 per doz.; \$6.75 per 100

CROCUS VERNUS - Dutch Crocus

For years we have furnished built councisseurs with a Special Grade of Crocus that has been favored with wide approval.

COTTAGE GARDENS CROCUS are larger; they are especially grown for us and you will be amazed at the unusual size and beauty of the flowers.

CROCUS are ideal for the Rockery, in drifts in the border, broadcast in the lawn and in solid beds. You can plant Crocus and Tulips in one best and so have color from early until late Spring, as the Crocus begin blooming in early April.

They are planted in good ordinary garden soil, about four inches deep.
